2.5Gbps Multi Gigabit High-Speed Switch
Achieve Faster & Greater bandwidth transmission

CERIO Multi Gigabit Switch is high-speed and high-performance. It supports 10/100/1000/2500 Mbps Multi Gigabit Ethernet ports. All ports support Auto-Negotiation traffic modulation function, which helps to optimize the transmission speed and performance of each connected device. It supports existing conventional 10/100/1000Mbps Gigabit Ethernet equipment and new generation 2.5GbE network equipment. Whether you want to upgrade the office network or home use, **CERIO Multi Gigabit Switch** can achieve faster and smoother bandwidth transmission capabilities for you to achieve more flexible network applications.

Highlight Features

✓ Complying with IEEE 802.3 10Base-T, IEEE 802.3u 100Base-TX, IEEE 802.3ab 1000Base-T, IEEE 802.3bz 2.5G BASE-T and IEEE 802.3az EEE specifications.

✓ Support 10/100/1000/2500Mbps Multi Gigabit Ethernet transmission capacity.

✓ IEEE802.1x flow control for Full-duplex, Back Pressure function for Half-duplex operation.

✓ Supports Store & Forward architecture and performs forwarding and filtering.

✓ Provides 12K Jumbo frames to improve network utilization of a large file transfers.

✓ Metal case durable design, Plug-and-Play, requires no configuration and supports desktop, wall mounting installation and made in Taiwan.

News Release

Green Power Saving Idea: CERIO Multi Gigabit switch using the **802.3az Energy Efficient Ethernet standard**, the network will automatically decrease the power usage when traffic is low with no setup required.

802.3az EEE

Ultra-High-Speed Network Transmission: CERIO Multi Gigabit switch, it's able to meet the hyper-converged large-scale data centers, AI applications, 4K high-quality image transmission, WiFi 6 wireless access point, cloud data centers needs, etc., and provides stable and efficient transmission.
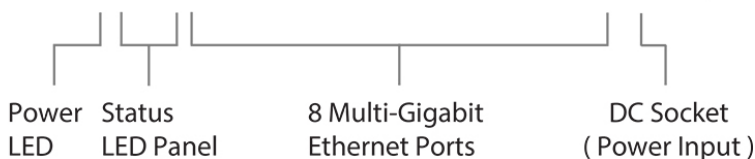

2.5Gbps

5port Multi Gigabit Switch

Power LED · Status LED Panel · 5 Multi-Gigabit Ethernet Ports · DC Socket (Power Input)

HS-1005M support 5 ports 1/2.5Gbps Multi Gigabit RJ45 Ethernet Ports

8port Multi Gigabit Switch

Power LED · Status LED Panel · 8 Multi-Gigabit Ethernet Ports · DC Socket (Power Input)

HS-1008M support 8 ports 1/2.5Gbps Multi Gigabit RJ45 Ethernet Ports
